I have a 2001 Ford Ranger Edge with extended cab, step side, tow package, factory large wheel package. I just put on brand new tires, and did a full tuneup, oil change. The A/C is ice cold and everything works except the volume control on the steering wheels. Great truck for the Island. Good on gas but with lots of power out of the 4.0L V6. Please contact me anytime. 4,300 obo Thanks!!! PH:
