

Free Car to a Woman in Distress (boca ration)

Hi there,

I just bought a new car & i need to get rid of my old car. I want to donate it to a woman in need. I grew up poor with an abusive Father. Woman in Distress found my Mother a FREE vehicle to get me & my siblings away from the abuse. I'll never forget that day because my dad didn't allow my mom to drive. So she got a driver's license on her own and took us away from the abuse & Woman in Distress gave us a free car to escape in the middle of the night. That's what made me the strong woman I am today. I would like to pay it forward. I drove my 1999 Toyota Corolla for the past 10 years. It runs REAL NICE. My father (nonabusive today & is a changed man) is a automechanic & has taken such great care of my car. It does NOT have a/c, but I drove it for 3 yrs without a/c and it didn't bother me much. When I bought my new car they offered \$500 trade in towards my down payment, but I know that my old car was worth more than that to another woman in need. PLEASE only answer to this if you TRULY a WOMAN in DISTRESS! My husband works for the government & can track any scammers. So please do not respond unless you're either a woman in Distress or a poor woman in need of a vehicle for transportation. I am a good person and my car may not be worth much, but I want it to go to a good person. Thank You,
