CUSTOMER REALTY

Real estate has evolved.

Customer Realty is a non-traditional, technology-driven real estate company dedicated to improving the home buying and selling experience.

Trust

Less Pressure. More Results. Our agents are paid based on your satisfaction, not just on getting another deal. And we're so confident, that if we don't deliver, you don't pay.

Value

We sell homes for 1.5%, saving you thousands. For buyers, we'll pay your 1st mortgage payment. And all clients get to use our moving truck for free, for local moves. Bottom line, you save thousands with Customer Realty.

Innovation

With innovative marketing and technology tools, we make the process easy. Every client gets 100% digital document storage, electronic signatures, and a digital interactive floor plan.

About the Broker

With an extensive background in the real estate industry, you won't find another person better qualified to help you buy or sell your home. Prior to founding Customer Realty, Elizabeth served as Vice President of Marketing for The Long & Foster Companies, the nation's largest independent real estate brokerage.

Prior to that role, she was Consumer Research Manager at Stanley Martin Homes, a mid-Atlantic regional homebuilder, where she was responsible for property valuation, sales strategy development, and property listing management.

Elizabeth also has experience as a Research Analyst for Novogradac LLP, an accounting firm specializing in apartment and rental properties, where she helped

real estate investors understand the market potential of various multifamily development opportunities.

Elizabeth holds a Master's Degree in Real Estate from Johns Hopkins University, where she graduated with honors, with the first-ranked thesis of her graduating class. Her undergraduate degree is in economics from St. Mary's College of Maryland, where she graduated with honors. She is a licensed real estate broker in Virginia and Washington D.C.

I've helped sell hundreds of homes across the Washington D.C. area. And I'd love to help you buy or sell your next home. Contact me today.
