

# Causes that matter most to you

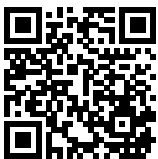

Location **Massachusetts**  
<https://www.genclassifieds.com/x-337170-z>

Wear the message of the causes that matter most to you! I create pendants out of glass and recycled game tiles. I have a huge selection to choose from. Most are animal welfare related, but I have other causes as well! If you have one you would like to be made into a pendant, just shoot me a message and I will create one for you!

I do custom orders and will give a discount on bulk orders:) Your order means a lot and helps me to continue to help animals. I am a huge animal lover and welfare advocate. The sales from these items helps me continue to help them. I believe in no chaining, spaying and neutering, compassion for all life, and kindness to all. I hope my work reflects that. I am always adding more items so check back often!! Please contact me if you have any questions. Thanks for shopping!
