My goal is to customize the perfect massage for you. I specialize in deep tissue, sports massage, relaxation and combination massages. I have owned my business, Paradise Body Works, since 2007 and have been a practicing massage therapist since 2000. I have worked on countless professional athletes over the years, working on specific areas of concern that they have had and/or utilizing a combination of deep tissue and sports massage techniques. I also have many clients who come in just for my amazing relaxation massage that is sure to put you to sleep on my table and melt any stresses away!!

I got into massage therapy because of a car accident. Working with my chiropractor and massage therapist to help me with pain, loss of range of motion and tight knotted muscles. I fell in love with massage therapy, and started massage school 6 months later. I love helping people, whether your coming in from a car accident, sports injury or just need to De-stress and unwind with a soothing relaxing massage. I LOVE what I do and it shows in my work!!
