Will you be a Spring Bride? You need a DJ!

I don't care what the calendar says, SPRING IS HERE!! And that means wedding season. You've waited all winter for your special day, and it's coming sooner than you think.

A DJ is an inexpensive way to make your reception's festival mood complete. DJs typically book months in advance. If you wait too long you might be scrambling to book anyone, or end up paying way too much for a corporate DJ assigned to you just that morning, or worse yet - you might have to rely on "Uncle Murray's iPod."

You want a DJ that you can afford and trust.
You want a DJ who cares about your celebration being the best possible.
You want a DJ with quality professional equipment and experience.

I am that DJ!

I have a bachelor's degree in technical theater, and over two decades of experience in the music industry, and I am ready to serve you.

Customized playlists are just the beginning. I offer all genre of music. - If I don't have it, I'll find it!

I specialize in weddings, whether your wedding theme is bohemian, classic, or throw-down honkytonk, I will give you the music to match your dream.

My schedule is open schedule and I am ready to make your wedding extraordinary! Call or e-mail me to check availability.
