Location **Maryland**

Deck specialist available for deck repair or resurfacing projects. If your deck is looking like it has seen better days, you may be able to just do a facelift and avoid starting from new. Remove wood and install new wood or composite, and install new railings. Resurfacing is less expensive. Call or respond to this ad thru Craigslist. John

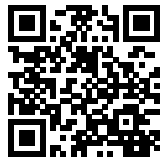

The photos are examples of past decks I built.

\$11.50 PSF for total wood deck facelift with new 5 quarter decking and code compliant hand rails.  
 (DOES NOT INCLUDE STAIRS AND LANDINGS).

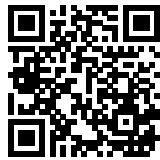

\$100 flat fee added for hauling away and disposal of old decking materials.
