

NAME YOUR PRICE! I CAN WORK WITH YOU! We all know that fixing a car just isn't in our budget! Are you having trouble deciding what to do with your car? Wondering if the price of repairs is even worth it? Call/text me today! With 14 years of experience with dealers and shops, I can fix any problem you have. I specialize in engine overhaul and rebuilding, ALL high performance work and even the little things that might stress you out: brakes, water pumps, thermostats, oil pumps, timing belts, clutches, head gaskets, valves, valve lapping/replacement, 4x4 work on trucks.- too much to name. JUST GIVE ME A CALL OR TEXT.

Electrical diagnostics is at an hourly rate that varies by vehicle. I will waive the fee if you decide to get the work done.

ANYTHING 4cylinder can be done! Just let me know what you need!

Inquire today about that infamous 2.2 ecotech engine in the cobalt, grandam, and Saturn! If your car doesn't start, I can help you!

Head Gaskets??? No problem! Call me today!

Rebuild turbo chargers and manual transmissions.

~~Timing belt/chain work is my specialty. The most accurate work done.~~

Two online is known for shopping, click and whatever. Give me a call. You don't have to get a new car, you don't have to go anywhere, inquiring with me first! Anything you may need, while you watch and read and it's all vehicle.
