

# Emergency vehiclehome money needed

Location

Mississippi

<https://www.genclassifieds.com/x-337639-z>

We are a family of 7 with 5 children. We are in the process of buying a house, but are several thousand dollars short on the money needed to close on the house (we have enough for the downpayment but not closing costs). Our family vehicle has also broken down, and is our only mode of transportation for all the children. The engine failed and will cost thousands to repair. We are in desparate need of a little help. I am also a full time college student with only one year left until I receive my bachelors degree in computer and electrical engineering with a 4.0. My husband works full time. We are actively saving every penny we can, but its still not enough. That is why we need your help. Every little bit helps, even the smallest donation is appreciated. And even if you cannot donate, you can still help just by spreading the word, sharing the link to our fundraiser. Donations can be made at <https://www.youcaring.com/other/emergency-home-and-vehicle-funds/139132>. God.
