Looking for a reliable freelance graphic designer who is also available during the day. At present, I have several PRODUCTION jobs that I need help with ... these aren't really going to use your design skills but hey, it's work. Here are my requirements:

- 1) You must be proficient in QuarkXPress. Not InDesign. Not Illustrator. Not Photoshop. QuarkXPress. Sure, skills in those other programs will come in handy ... but the work I need done needs to be done in QuarkXPress.
- 2) You need to be available during the day. Not whispering from your cubicle at work. Available. I don't need to see or hug you, but I do need to get you on the phone from time to time.
- 3) You will get paid when I get paid ... approximately Net 30 days. If that doesn't work for you, please don't bother replying.
- 4) You must be based in St. Louis ... looking for a long-term, reliable resource. If you don't live in the STL metro, don't bother contact me. I'm looking at you, "Kevin" in Mumbai.

Include the word "Quark" in the subject line or it will be tossed ... I'm warning you with peace and love. Please include a phone number ... I will contact suitable candidates.
