Wouldn't it be nice to have a place on the coast of Maine, near the ocean that you can come to anytime as often as you like? Stay for a few days, stay for a week. Go back and forth all summer long. Almost like owning your own vacation home. The home is in a manufactured home community like Florida but in Maine. You can rent for the entire summer for what you pay for a week. Located in mid-coast about an hour past Portland, it makes a great base for your vacation.

Quiet. Sunset views. Walk to town. 15 minutes to the ocean. 15 minutes to Rockland. Plenty of space between homes. Some wooded lots. Side by side parking for two vehicles. Curbside trash pickup included. Pets up to 18 lbs allowed. 2 bedrooms, 1 bath. And since people ask could they buy it - yes and at a fraction of the cost of a typical vacation home.
