

Found iPod at Church near hospital in Murray (450 W Vine St)

Location

Utah

<https://www.genclassifieds.com/x-370026-z>

I found an iPod today at a church near Vine Street and 450 W, and I would love to be able to get it back to its owner. If you can answer some questions to prove its yours we can meet so you can login and confirm that you are in fact the owner (I am not meaning that you would give me any personal info, I just want to see you log into the device and show me that you're in so that I know its going back to its actual owner). If you cannot login in front of me to finalize proof of ownership, we will part ways and I wish you the best in locating your missing device.- eiG#T-oh1 -You can text me or email me through this ad, and describe the device in the first message or you will be ignored/blocked. - FIVEOOOOOOHHHHH3 - Please do not try to steal the device, its not possible you need the apple ID/password of the current owner and will just be wasting peoples time FARTYTW0 5
