Have you been feeling lonely and needing a friend to add some light and playfulness to your life? Or maybe you just need some one to listen and be there for you or hold you why you cry. Sometimes all we need in life is the soft innocent touch of an open minded friend. What I am offering to you beautiful soul is my time, love and affection coming from a place of no judgment and living purely in the moment.

## MY SERVICES ARE STRICTLY PLATONIC.

I am a young beautiful female who is offering my friendship, warmth and affection to those who are in need of it. My services are diverse and I am open to whatever will make you happiest, within reason. When with me it is ALL about YOU! We can talk and I can offer my advice or just listen if you need an ear or we can not say a word and watch a movie while we cuddle up. I can read you a story or sing you a song. Show you a few yoga moves or lead you through a hypnotic meditation. We can play a board game or fight the zombie apocalypse. Or we can drink a bottle of wine and dance to your favorite childhood songs. Whatever you need to bring a smile to your face and allow you to forget your worries and live In the moment.

My price is \$50/h and I am at your full attention for as long as you desire.

I also do tarot and appreciate a minimal \$5 donation before doing a reading.

If you are interested in this offer please send me a photo of yourself, name, age, number and tell me a little bit about what has been going on in your life.

\*\*\* I am a very attractive young woman, I will not send you any photos but can guarantee you will not be disappointed with my presence when we meet.

Looking forward to seeing you smile <3
