

Building Cabins (United States)

Location **Texas**
<https://www.genclassifieds.com/x-370071-z>

Looking for someone to give me a quote for lots of cabins to be built on country land. I don't need a quote for materials it will all be provided. I am expecting this to be a long-term project so you will be allowed to live on land with access to free housing and basic needs. Just give me a quote per hour for what trade you have skills in. Thank you. This is planned for a couple months from.
