To all the wealthy men out there... I am a 25 year old, model looking, female. I'm 6'2" and athletically built. I am currently in a financial slump.. I lost my job, lost my uncle, about to lose my apartment, was in a car wreck, reconnected with my father whom I've only met 3 times out of my 25 years of life all within a few weeks of each other. So you can say, my life has been a little bit hectic. I have no family that can help me financially, because I'm normally the one that helps everyone else with their situations, or I'd obviously be asking them. My rent is due on the first, but I also have my car insurance and car payment due next week. I'm in the negatives in my bank account, which I just found out the other day, hence, my desperation now.

If there is anyone that would be willing to help me out, then I would be more than happy to get to know you, become friends, go out on dates, be available for conversations, etc... I'm a pretty outgoing, fun, good-looking, young lady that just needs help at this time in my life.

I don't want to fall into debt and I have no money in my account left. The current job that I just started two weeks ago is a commission only, sales position and has potential to be lucrative, but as of now, I'm still in the learning process. If you help me out then I promise I will do my best to help pay you back once I get everything caught up again! I'm just alone and desperate at this time.

Please help me! I look forward to speaking with you and I appreciate the concern and help!!
