Glow and Go Mobile Sun of Scottsdale is a mobile Spray Tan Company serving all of Scottsdale, AZ and surrounding areas. I am a Board certified cosmetologist, makeup artist, waxing specialist and a certified spray Tan Technician. We are completely mobile and we bring everything you need making your convenience and comfort our main priority!

www.facebook.com/GlowandgoMobilesun

I normally charge \$75 for this but I'm new to the area and only charging \$40 for new clients. I also include an exfoliating treatment, and a prolong kit too!

Included in your package is an exfoliating mitt, a full sized self tanner, a shower gel and an pH balanced spray. My products are organic and the best on the Market!!

Call Jennifer to learn more. Book a customized spray tan today! I will also give a special price for groups of 4 or more or give the host a free spray tan.

Follow these preparation tips before Sunless Tanning:

BEFORE your Sunless Application:

1. Exfoliate skin at least 3 to 6 hours before your sunless session to smooth skin for even tanning

results. Spend a little extra time on knees, elbows, feet, and hands. We recommend exfoliating with

Body DrenchA® Daily Moisturizer.

2. Do not apply any lotions or oils before your sunless tanning session.

3. Do not wax or use depilatory cream 1-2 days before your sunless tanning session.

4. Do not use a hot tub, sauna, or steam bath 24 hours before your sunless tanning session.

5. Do not use a tanning bed 24 hours before your sunless tanning session.

6. Do not use a tanning bed 24 hours before your sunless tanning session.

7. Do not use a tanning bed 24 hours before your sunless tanning session.

8. Do not use a tanning bed 24 hours before your sunless tanning session.

9. Do not wear wool, nylon, or silk during or after your sunless application and for at least 8 hours.

10. Do not use Body DrenchA® Daily Moisturizer during or after your sunless application.

11. Do not use Body DrenchA® Daily Moisturizer during or after your sunless application.

12. Do not use Body DrenchA® Daily Moisturizer during or after your sunless application.

13. Do not use Body DrenchA® Daily Moisturizer during or after your sunless application.

14. Do not use Body DrenchA® Daily Moisturizer during or after your sunless application.

15. Do not use Body DrenchA® Daily Moisturizer during or after your sunless application.

16. Do not use Body DrenchA® Daily Moisturizer during or after your sunless application.

AFTER Your Sunless Application

- Wait at least 8 to 12 hours after application before you shower. This will allow time for the self-tanning reaction to occur on the skin. If you need to shower sooner let your airbrush technician know before your session and she can custom mix the formula accordingly.
- Don't worry if you see color wash off from your first shower, this is normal. What you see washing off is the immediate cosmetic bronzer and what is left behind is a beautiful sunless tan.
- Do not apply moisturizer until after your first shower, for this could affect the immediate reaction of the sunless solution on the skin and cause streaking. When showering we recommend a high quality body wash such as Norvell® Hydrating Body Wash.
- Do not exercise until after your first shower.
- Moisturize 2-3 times daily, especially after bathing, to maintain your sunless tan. For best results use a water based moisturizer. Don't use oil based moisturizers, they can cause blotchiness.
- Do not apply moisturizer until AFTER your first shower, for this could affect the immediate reaction of the sunless solution on the skin and cause streaking. When showering we recommend a high quality body wash such as Norvell® Hydrating Body Wash.
- To help extend your tan we recommend Norvell® Prolong Tan Extender.
- Do not exfoliate skin for at least 48 hours after your sunless tanning application. When you do exfoliate, do so gently and evenly with Norvell® Moisturizing Body Scrub to preserve an even sunless tan.
