Please read my whole ad before contacting me.

I am very picky about how I want ,my house to look.

Me and my husband work 3 plus fulltime jobs and dont have a lot of time to deep clean our house.

I am looking for a professional cleaner that has their own products.

I will need the whole house deep cleaned minus one room and one bathroom.

My house is 1194 sq ft. It is a condo/townhouse.

You will only need to clean one room and one bathroom the kitchen, and living room. The floors will need to be done too.

I really need my toilet and bath tub cleaned badly.

I will need the fridge and my stove moved out and I want them cleaned under, behind, over and around, etc.

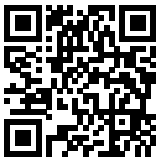

Clean fans, light fixtures, wipe down all walls and baseboards.

After the deep cleaning is done I will be hiring someone to come in at least once a week, to change the bed, do laundry, dishes, groceries shopping, vacuuming, dusting, scouring the bathroom, washing windows, yard work, etc that needs to be done that we dont have the time for.

Cleaning up after my dogs.

Im sorry, but I am very picky about who I hire too.

Please send me your quotes.
