This is a growing business that will allow you to make large sums of cash fast on your own time. However, it's up to you when it comes to how much money you make. I have a few employees right now making an extra 5 to 10 grand a month.

Here are a few tips, when you are marketing the flyers

1. Post them at any college/universities
2. Any place of business, for example, barbershops, grocery stores, libraries, etc.
3. Leave them on vehicles or in people's mailboxes
4. Post an ad with the picture of your flyer on craigslist, and renew your ad every two weeks
5. You can even go door to door and pass them out
6. Call family members and friends and tell them all about it. You will be surprised how effective word of mouth is! Many of your friends and family members know others who are trying to get rid of their homes!
8. Attend neighborhood association meetings

These are just some examples on how to be a successful Marketing Officer. Use your own creativity to market to potential clients. You will have to print out copies of your business flyer. You are in control. If you are dedicated to making money, and post 20-25 flyers weekly, earning extra income will be easy.
