I am looking for a licensed concrete/ masonry contractor (C-9, CR-31 or similar but no general contractors please) to demo existing concrete path and lay new concrete path in the same place with proper slope. Approximately 1500 sqft.

Mention the following in your response:

1. Your name, phone number and ROC number
2. Your availability
2. Rate per sqft for demolition
3. Rate per sqft for new concrete pathway
4. Rate for dumping/dumpster
