You want some nice plecos that won't outgrow your tank or leave giant piles of poop in your gravel!

Then you want some bristlenose plecos! I got blue-eyed white juvies for \$5 each, and say you want something for your nice planted tank that isn't all bulky?

Then I got farlowella twig cats for \$10 each!

And you want some pretty little shrimp for your nano tank! I got red cherry shrimp for \$3 each!
