Location **Arizona**

Lost the morning of April 15, 2015 (Wednesday). Nala, our calico cat never came for her dinner at 3pm yesterday. She is an indoor/outdoor cat and she disappeared Wednesday during the day. She has muted/faded coloring and has a white underbelly. She is very friendly but doesn't like to be picked up, or she will squeak like a mouse. Please call if you see her anywhere/any.
