Me and my family has been through alot since 2012. We lost our father and it left us in a financial crisis. My brother was diagnosed with life threatening disease and My mother has been trying to hold us together while working a full time job. Our credit isn't in the best situation due to the obvious reason, so we can't lease home right now. We're looking to rent a room for a couple months so we can get back on our feets. Me and Brother are in school and looking for working at the moment. Our Mother has the world on her shoulders.

We looking for someone to reach out and help us get our lives back on track. Extended stays are getting to expensive and we are the only family we got here in Atlanta. We can pay at least 750 a month for room.

If you can truly help us please contact me. Thank you and God Bless. (We are also looking for a God Christian Church to call home as.)
