

You have full access to kitchen and living areas, wireless for easy internet access, cable, full use of pool/gardens/ decks etc. The room is semi-furnished with a queen-sized bed, dresser and a few other things including a small walk-in closet. Bring what else you'd like to be comfortable. No smokers please (this is not flexible, sorry), and this room is for one person only. My three children (ages 12-14) live here half time and enjoy the people who share the home, and vice versa.
