MIXING/MASTERING Services - High quality sound + Quick turnaround time

Full Mix/Master - \$200 (ADD ME ON SOCIAL MEDIA FOR A DISCOUNT!)

I specialize in mixing and mastering Pop/R&B/Hip-Hop/Dance music. A mix can be the difference from a professional sounding song and an amateur quality song. My focus is to get you a mix that has a big studio sound, making sure the instrumentation and vocals sit properly, as well as shine individually. Through various methods of compression, EQ'ing, and assorted plug-ins, your song will have that polish you're looking for!

I have mixed songs for Mya, Cody Simpson, Flo-Rida and many more. I encourage you to please check out samples of my work on my website @ <http://okjohnhojohnho.com> .

Any further questions, feel free to e-mail the link above or call me at

Thanks!
