I am a well known business man in Atlanta and instead of looking for a woman I figured I can get them here. There are some nice women here and I'm gotten great head before but the bitch time was up and she went crazy. I didn't try craigslist for a while after that but I've seen some great looking women here and I couldn't help myself. I got the itch. Look baby if you reading this, \$40,000 ain't shit for me to spend on you. I'm very discreet and you should be too (though I was put on blast a couple of years ago). Your pic will get my address. You must be mobile. I like the challenge of subduing independent women. Let's have an adventure. Leave a pic and the subject "\$40,000" and I'll send you mine if I'm interested. Let's have fun. I'm too horny to go out to eat. I want my meal to come to me. Pussy delivery. You will be living with me for 6 months. Make plans for
