Virus and Spyware Removal Special, Includes PC Cleanup for just $69.99

Price includes:
- Free Evaluation, right when you bring your PC in the store
- Virus and Spyware Removal
- Malware and Root Kit Removal
- Internet Hijacker Removal
- Internet connection repair
- Temporary File clean up
- Hard Drive Defragmentation
- Basic PC testing
- PC 'Cleanup'

How it works:
1. Bring in your system, no appointment required
2. we look at the system right when you bring it in
3. we ask specific questions relayed to your issues
4. we examine it for errors, problems, and functional issues.
5. discuss repair options that you are comfortable with.
6. once the repairs are accepted, the repair begins the same day.

What we will need:
1. If it's a laptop, we will need the power adapter. (This is very important.) You cannot have different adapters about for the make, model and manufacturer. If your system is a PC, I'll ask we just see the box itself as well. (unless it is a micro or mini system that has a specific adapter.)
2. we will need the passwords for each user(s).
3. Complete information about the problems and/or issues you may be having.

We will give you an estimate of the total cost to repair your PC/Laptop and an estimated time for completion. Once the PC/Laptop is complete; we call you and let you know that your system is ready to be picked up. Simple.
