

## Computer, Laptop, MAC Slow, getting too many pop-ups?

Delaware PC Services will go through you PC and remove programs that are not supposed to be running and that you may not even know that they are there. All of spyware does not show up in the 'add and remove' program list in control panel. (Especially viruses) We go through your system top to bottom, looking for things that do not belong and that are using up system resources. We get back the computer speed you have lost over time and make recommendation on how to keep your system clean and/or upgrades that may be available.

Bring in your system today, we do not charge to look at it and there is no obligation to have the system repaired. The evaluation is always free. If you are under a time crunch, we look at your system right when you walk in the door and once you approve the needed repair, work begins that day.

How it works:

1. Bring in your system, no appointment required
2. we look at the system right when you bring it in

3. we ask specific questions related to your issues

to examine it for errors, problems, and unusual issues and repair only what you are comfortable with. If you let the repairs go unattended, the repair bill is the same.

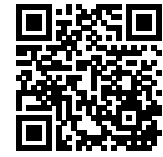

What we will need:

if it is a laptop will need the power adapter. (This is very important.)  
All laptops have different adapters according to the make, model and manufacturer.

2 If your system is a PC, then we just need the box itself, no cords.

Unless it is a micro or mini system that has a single user, we will need the passwords for each user(s).

4. Complete information about the problems and/or issues you may be having

Computer Slow, getting too many pop

---

We will give you an estimate of the total cost to repair your PC/Laptop and an estimated time for completion. Once the PC/Laptop is complete; we call you and let you know that your system is ready to be picked up.

Delaware PC Services, LLC.  
20660 Coastal Hwy unit 4  
Rehoboth Beach, DE 19971

We are located just south of the Rehoboth Beach entrance on Hwy 1, go over the Canal Bridge. Three block down on the right hand side is the Seacoast Center, look for our Flags. We are the first store when you turn in to the Plaza. We are just before Spring Lake.
