Removal

we look the system right when you bring it is we ask specific questions related to your issues. (Rehoboth (Rehoboth

https://www.genclassifieds.com/x-3 70555-z

- 4. we examine it for errors, problems, and functional issues.
- 5. discuss repair options that you are comfortable with.
- 6. once the repairs are accepted, the repair begins the same day.

## What we will need:

- 1. if it is a laptop, we will need the power adapter. (This is very important.) (all laptops have different adapters according to the make, model, and manufacturer)
- 2. If your system is a PC, then we just need the box itself, no cords. (unless it is a micro or mini system that has a specific adapter.)
- 3. we will need the passwords for each user(s).
- 4. Complete information about the problems and/or issues you may be having.

We will give you an estimate of the total cost to repair your PC/Laptop and an estimated time for completion. Once the PC/Laptop is complete; we call you and let you know that your system is ready to be picked up.

\*\* Simple, and faster than most places take to look at a system \*\*
