I'm selling two of these pumps, one was used for gasoline and one for diesel. Both include the correct filters and automatic nozzles. We used these for half a year before our tanks had to be replaced, and no longer had a need for these two pumps. Brand new these are roughly \$800 each plus shipping, which is about \$50 per pump.

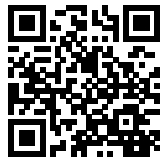

These are located in Auburn. Please call or text with any questions. \$1000 OBO, can help with delivery if serious.
