

# FOUND Slim Brown Case with Handle amp Initials (Gregg St., Fayetteville)

Location **Arkansas**  
<https://www.genclassifieds.com/x-370610-z>

My daughter found this brown case on the side of the street (Gregg St.) about April 10. Does not appear to have been damaged by rain so I feel someone lost it that day or the 9th between the rains???

It is a brown case approx 32in long and approx 3in wide. It has the initials " C V" on the case by the handle. It appears to have possibly fallen off someones vehicle on Gregg St. between Sycamore and North St. near the blue two-story ( Koutrounbis Properties??) apartments. Maybe a tenant or a friend of a tenant there possibly?? One hinge busted and some minor cosmetic damage to the case but contents inside seem fine.

To claim, you MUST identify the following:

- 1) What it is in the case. The item is very specific to the person who lost it.
- 3) Maker/Manufacturer of item if known or at least a description. There is one flaw on the item but I think it had been there awhile and not from damage in it falling. You tell me what it is.

RANDOM GUESSES WILL BE IGNORED. This item is very specific.  
Please call between 6am-8pm to claim. Call or text 4..7\*\*9-5,,,9.....5-23 12

I am NOT wanting a reward. Thank!
