Dependable and affordable. I currently have 4 openings starting Monday April 20th for children ages 7 months to 5 years. I have an 18 month old son that also will be receiving care. The care is in my home that is clean, safe, and sanitary. If your child is age 3-5, I work with them daily to prepare and maintain them for school or keep them on route for their next year of school. I have a Handbook with my policies, procedures, and routine. I have a flat rate of \$95/week. My home is conveniently located directly behind the Bentonville Boys & Girls Club. I can be reached via email, call, or text. If interested I can send the Handbook over for you to review and schedule a tour of my home for your assurance that your child is in good hands. I look forward to hearing from.
