house train .knows sit ,stay bed, working on Heel ..has been fully updated on shots and vet care . Very protective of her home and family ..would not suggest small children or small pets .. She is AKC paper full reg ...with some good euro bloodlines..she is very intelligent she catches on very fast ...but like I said it takes her a lil bit to get use to the home ...their is a rehome fee to insure her safety.. And I won't let her go Intel I know for sure its a good home.she had a lot of things that will go with her.please don't waste my time.unless u are.
