Sweetest lil guy you could want and he needs an amazing home. Horus is 7 mos old. House trained, leash trained, knows sit, lay down, shake, high five, and crate trained. Great with kids. He has been raised with my 4 and 2 yr old kids and great with other animals. He loves to cuddle under the blankets and go for car rides. I have been diagnosed with stage 2 cancer and have to have surgery next week. I wont be able to take care of him any more. This is a heartbreaking situation for our family. He needs a fenced in yard too. Horus is a high energy dog that would be great for an outdoorsman or farm. Good dog for camping and river float trips. He will come with a leash, collar, toys, and some.
