I have a beautiful bonded pair of White Bellied Caiques. They are not hand tame but if work with they could be. One is from a pet store & is about 7 years old. The other one is a dna male less than 2 years old from a private breeder. I'm asking \$800. for both. Will not separate. If you need a cage I have a due for now one that you can have. If interested please contact by.
