The all-new Sealy Posturepedic Hybrid Mattress combines our two best sleep technologies into one great mattress. A true half foam/half springs\* design gives you all the cooling comfort of gel memory foam in the top half and the deep down support you've come to expect from Sealy Posturepedic in the bottom half.

OptiCool is the only memory foam on the market to be fused with OUTLAST which is more effective at removing excess heat than standard gel memory foam alone. Mattresses with OptiCool gel memory foam are designed to promote a temperature range that provides deep, relaxing sleep.

OUTLAST material is used in high performance outdoor gear, undergarments, and even footwear for superior temperature regulation.

The Hybrid delivers with an all-new, lightweight, ForeverFlex fabric that is stunning in contemporary styling and has best-in-class stretch properties. The result is a more enveloped, body hugging feel that is second to none.

\* 90 DAY PAYMENT OPTION WITH NO CREDIT NEEDED!.
