

# Experienced Marijuana Grower Wanted (Massachusetts)

Location **Massachusetts**  
<https://www.genclassifieds.com/x-371309-z>

There is now a 100% LEGAL way to make money off of your already existing knowledge of marijuana cultivation. I'm looking for a partner or partners to create a business around this new exciting opportunity.

Looking for professional demeanor person with likable character. Someone that can be compassionate with medical marijuana patients while educating them on a variety of subjects. Someone with experience in a variety of growing mediums preferred. Experience with perpetual garden, harvesting, curing, and even edibles are all pluses. Healthcare industry (i.e. RN, etc), Oaksterdam University or other industry certifications move to front of line.

This would be a new company with no pay to start, we will need to build it from the ground up including finding financing. If participation in this project interests you then please drop me a line with some information about you.
