Has a clean title. Last time work was done on it was 2013, I replaced the timing belt. She needs the brake lights repaired and new a radiator. The car was vandalized but I still have majority of the original parts. The radio had been replaced by an after market one . But I am keeping the new radio and I don't have the original. The engine and transmission are in good running order. It would make a good project car only asking for \$1000 obo. Any additional questions or inquires, call or text
