Here we have a Fender Hot Rod Deluxe III "Red October" limited edition. These amps are rare and extremely hard to find. There were only 400 of these amps made. This amp is in MINT, LIKE NEW condition. It has never left my house or been gigged.
 I'm mainly looking to trade but you can make a cash offer. The only trades I'm interested in are quality acoustic guitars.
 I AM willing to make a road trip for the right deal!
