I have a 2006 crf 450r for sale. The piston seized up. It needs a piston. Has yoshimira aftermarket exhaust, aftermarket carb, tag handlebars, kreig rims, maxis tires. Has Lucas oil plastics kit that I bought new a year ago. Motor is already off and took apart. Don't have the money to buy a new piston. Just really need the money. 800 obo. 6zero1 71six
