

2004 Chrysler 300M (800 USD)

Location Idaho https://www.genclassifieds.com/x-371988-z

This car was in great condition and mechanically sound until I got into an auto accident and it now has front end damage. I didn't have time to try and get it fixed but it was running great, and still runs. If nothing else this car has good parts or needs a new front end.

Trying to get what I can out of it. Cash only offers and it will probably need to be towed off. 789
