reat opportunity for an absentee owner who wants to own and operate a successful business.

Be able to get into the fitness business for less than start up cost.

This is an independent fitness business, making a profit and ready for an owner to add their personal style. Not your typical strip-mall franchise, this is a unique neighborhood independent 24 hour fitness center. With card access and security cameras all in place as well as all the exercise equipment Three hundred members and growing, and the best thing is the location, MAUI.

There are almost 400 gyms for sale on "bizbuy.com" but nothing in Hawaii.

This is not a franchise and accordingly, no franchise fees or regulations to follow

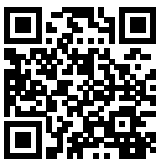

The percentage of people belonging to health clubs and gyms has doubled over the past 20 years, and the 24/7 fitness franchise segment is the industry leader. Economically, the health club industry has proven to be recession-proof, as health-minded consumers continue to look for a high-quality workout solution that provides the best value for their buck.

SBA financing is likely available with a good credit rating.

Some Owner Financing May Be Available
