Hi all! I'm probably going to be doing an internship in the spring semester, and so I'm Trying to find a rental An Apartment. Indeed being the ultimate example of a broke student, I can't pay a lot for rent payments and utility bills. I also really don't know anyone in the city whatsoever. I will be able to venture out, meeting boys... anyplace but those gross dating sites like NSAFinder. I would probably rather have a roomie around my age, nonetheless that's not at all a rigid rule! I'm allergic to cats but usually chill. Send an email if you'll have room or!
