

Need help to do some chipping, stumping and yard leveling (Wells)

Location

Maine

<https://www.genclassifieds.com/x-372428-z>

I want a small wooded part of my land cleared I have cut the trees and will be keeping the fire logs. There is brush to be chipped or hauled (preferably chipped into mulch) Also the stumps need to be removed and the whole area leveled so it can be ready for grass and garden . It is triangular shaped with each base measuring roughly 80-90 feet. If your are capable and have the right equipment, there may be a little more work to be done in another area

Please Email me if you are
