

Need 2 Movers on 512 for 1 hour (Biddeford)

Location **Maine** https://www.genclassifieds.com/x-372438-z

Tuesday, May 12, 2015 - somewhere between 4pm-7pm (will only take 1 hour) pays \$50

Need help moving my furniture from my 3rd floor, 1 bedroom apartment into a U-Haul truck. Furniture includes love seat/couch, coffee table, queen size mattress, queen size box spring, a few small tables, and some boxes/bags. Must be strong and agile. Moving experience is preferred but not required. I might want to note that the movers who moved me in struggled a bit maneuvering around the stairs/corner and getting some of the stuff upstairs, so please know what you're doing and have patience. (I would hire them again but lost their number). This quick job shouldn't take any longer than 1 hour. Willing to pay each person \$25. If it takes longer, I will compensate. Located on Main St in Biddeford. Send me an email with your name, experience, and why you should get this gig.!!
