

Cleaning amp Organizing Help needed (Rockland)

Maine Location https://www.genclassifieds.com/x-372443-z

I am looking for someone that can help clean my house top to bottom and assist me with emptying items out of my basement. I am looking to sell my house at some point and a lot of items need to be removed. There could also be some hours available to do some outside yard clean up. I'm willing to pay a decent wage for someone with the right hours available. I'm thinking it will be a few hours at a time, two days per week. Thank!
