Can you imagine your owner saying "we don't want you anymore?" This Siamese mix is a nice, mellow, super friendly 5 year old kitty. She is already fixed and will be vaccinated and wormed prior to rehoming. Look at those gorgeous blue eyes. She just arrived in foster care and is available to a family or individual who can afford proper food and vet care. No declawing/amputation (use a scratching post). Contact Melissa at this phone number to meet and!
