Maintaining an aquarium can be a lot of work and take a considerable amount of knowledge and expertise to avoid ending up with a disaster. Consistent and considerable maintenance is required for a healthy and pleasant looking aquarium. I have years of experience maintaining and cleaning both fresh water and salt water aquariums and I am glad to provide aquarium maintenance services to Saint Louis and the surrounding areas. I provide all the aquarium maintenance services that you may not have the time, energy, or knowledge to perform yourself. I am a professional and trustworthy individual who installs and maintains fish tanks because aquariums are my passion. I have been keeping aquariums for over 20 years and have a great deal of both saltwater and freshwater experience. I have kept and maintained every type of aquarium from fish only freshwater and saltwater tanks to planted aquariums and mixed reef coral tanks. Your tank will be handled with extreme care, because I treat every tank like it's my very own. In turn, not only will you be pleased, but so will your fish! Commercial Aquarium Maintenance Plan Gives businesses; doctors, veterinarians, dentists, restaurants, bars, etc. a beautiful showcase aquarium without the hassle of any maintenance Having an aquarium serviced by Absolute Aquarium Services allows us to work with our commercial clients side by side, giving them the freedom to design a beautiful piece of "living art" for their office, shop, restaurant or waiting room

Residential Aquarium Maintenance Plan Gives any client the freedom and ability to have the aquarium of their dreams with a professional influence to fall back on Our services allow our clients to experience aquarium keeping at a heightened level Gives clients a unique opportunity to collect and display valuable art, as well as to grow and create their very own coral reef Working with Absolute

Aquarium Services allows our residential clients to bring the ocean directly into their home to amaze and delight. Perfect for any living space, game room, or assembly "hang out", etc.

Whether you are having trouble with your aquarium or just want to upgrade your services, maintenance plans are available for all aquariums. We take the hassle of keeping up with necessary water changes and balancing a proper water chemistry for all aquarium inhabitants to thrive. In addition to your tank being cleaned inside and out, our clients also receive algae scraping/decor detailing, detritus/waste removal, filter media changing or cleaning, *filter equipment checkups, *lighting checkups, fish and invertebrate health assessment, as well as a 15-25% water change on a routine basis. Clients will receive added assurance of the water quality of their tanks with our water quality awareness form left with you. Regular testing and recording of nitrates, PH, salinity, temperature, phosphates; and as needed: calcium KH, nitrates and ammonia. Along with our maintenance plan, clients will benefit from our food packages that will
