Looking for Dynamic Artist for Profile in National Magazine (International Readership)

Location Louisiana https://www.genclassifieds.com/x-372520-z

Hello,

I am a writer working on a lengthy feature for a US magazine with a strong national + international readership of creative professionals and thought-leaders. I am doing a 10 page piece and looking to feature 3 artist's with credits, who are dynamic, highly creative and think outside of the box. I am open to the art form- you can be a painter, sculptor, visual artist, animator, illustrator etc.

Please reply with a short bio, and link to your website/ portfolio where I can view your art. This will be a great opportunity for branding and exposure.

I look forward to receiving your responses.

Cheers,

Dynamic
