Hi, I am a 24 year old female looking for a new roommate to start in mid August. I have two dogs and live in a clean furnished apartment on 170 and Delmar. The apartment has washer/dryer in the unit, TV, and all new appliances. My current roommate is moving out so I am looking for someone to replace her. I am an RN and work nights! I am looking for someone clean and chill who is my age and trustworthy. The apartment complex is safe and there are parking spaces right behind the apartment. There is a pool as well as a workout facility. Please lmk if you are interested in signing a year!
