Hello! I am a fine art photographer based in Union, New Hampshire. I am actively recruiting women and men from the New England region as models for a photo project. The imagery for the project is focused on using the nude human form to create visual patterns.

This project relies on groups of people posing together. For the purpose of this project, a group is two or more people. I invite women and men of any age (18+), size, and body shape to participate. Please know that this is a non-sexual, non-erotic photography project.

Participants will be reimbursed for travel expenses to my studio, which is in my home. As compensation, models will receive a selection of images from the project photo shoot.

I'm happy to answer any questions you have about the project, either via email or phone. Respond to me at this posting and I'll be sure to get back to you.

I look forward to hearing from you and appreciate your help in making this project a reality!
